NYSPHSAA COLLEGE RULE:

A student is no longer eligible to represent the school in that sport in that season if the student participates in practice or competition with or against any individual or team(s) representing a college that season.

Prior to completion, the NYSPHSAA Executive Director may grant an exemption of the College Rule for an individual sport athlete when vying for a standard that would qualify them for the Olympic trials and/or Olympic Games when this opportunity is not offered through the New York State Public High School Athletic Association and/or the National Federation of State High School Associations. The exemption would permit a student to participate as an "unattached" individual with no affiliation to their school team in a competition against open and college competitors in an approved competition set forth by the Olympic Committee without violating the College Rule. (Jan. 2012).

Reporting Procedure: All violations shall be reported to the League and Section.
